

Exporting Bookmarks or Favorites

CHROME

If you are logged in with your user, then any system you log in to your bookmarks will follow you. But if you do not log in you will need to follow these steps to export your bookmarks.

1. Open Chrome and click on the 3 dots on the top right.
2. Click on the bookmarks manager. Skip this step easily by hitting CTRL + SHIFT + O
3. Click on the Organize down arrow
4. In this menu click on Export bookmarks to HTML file
5. Save in your X drive

IE

1. Open IE
2. Click on the File menu
3. Click on Import and Export
4. Click on Export to a file – and next
5. Choose Favorites – next
6. Next again
7. Browse to your X drive
8. Click Export
9. Follow the same steps to Import them to your new location

FireFox

1. Open Firefox
2. Click the Bookmarks menu
3. Click Show All Bookmarks
4. In the Library window click on Import and Backup
5. Click Export Bookmarks to HTML
6. In the File window browse to your X drive
7. Click Save and close the windows
